CATCODE: 310929

OPR: AFRL

OCR: N/A

1.1. **Description.** Facility designed for research activities in the field of biology. Supports exploratory development programs and determines the effectiveness and overall results of aerial spray systems. Supports the study of ecological implications of residual pesticides on the higher vegetative organisms and the study of soil microorganisms.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
